This year we are listing all late daylilies with a description of that daylily. To have bloom for several months we suggest that you visit us early in the season around the second week in July. We usually are at peak at that time, than return again the last Saturday in July so one can see all the late bloomers. As of August 9, 2007 the following daylilies were in bloom. Please note that the bloom seasons do change from year to year. We hope that listing our daylilies in this manner will give you a better idea as to what daylilies you wish to purchase so that one can have continuous bloom for about three months. Some of the daylilies might be listed as mid bloomers, please note also that we are about two weeks behind the Columbus area.

Another daylily season will soon be here. Hopefully we will be a little drier by then. We are excited about all the the new plants that we have for you to see this season. We have made more changes to our price sheet and hope that it will help you out with your selection of late bloomers.. Hopefully this price sheet will allow you to pick out all the plants that you would like to purchase and enjoy so you can have continuous bloom for about three to four months.

We keep trying to improve the variety of plants for our customers. This year as last we are happy to introduce more plants with instant rebloom. Instant Rebloom is a rebloom that comes on before the first scape has finished blooming. With the instant rebloom the plant will put up the first scapes and while they are in bloom a second scape will start to grow. When the first scapes are done blooming the second scape will start to bloom and then a third scape will appear. With this instant rebloom one plant might bloom for a period of about three months. WE also have a new display bed made with many new plants for you to enjoy.

Happy Gardening. We are looking forward to seeing all our daylily friends that we have made during our 14 seasons of selling. When we started out in 1998 we just had three rows for our customers to enjoy. Now we have 800 different varieties for you to come and see. Looking forward to seeing you in June. Our season usually starts about the end of June as we are about two weeks behind Central Ohio. Starting in May we will be happy to dig plants for you, and to our out of town and state customers we will be glad to mail them out to you. We usually start to dig and pot daylilies the end of April depending upon the weather.

On Thursday, Friday and Saturday Memorial Day weekend my neighbor get together with us and we have a garage sale selling potted plants. It always a good turn out so mark your calendar for those days hope that you will come and see our iris and perennials. We always have a nice selection to pick from. This year we will be at the Marysville Farmers Market starting the second Saturday in May. On the 7th of May John and I will be set up at the Hardin County Master Gardeners Plant Sale at the Hardin County Fair Grounds starting at 9:00 A.M. Hope to see you soon.

Following is a list of our \$6.00 plants.
