This year we are listing all late daylilies with a description of that daylily. To have bloom for several months we suggest that you visit us early in the season around the second week in July. We usually are at peak at that time, than return again the last Saturday in July so one can see all the late bloomers. As of August 9, 2007 the following daylilies were in bloom. Please note that the bloom seasons do change from year to year. We hope that listing our daylilies in this manner will give you a better idea as to what daylilies you wish to purchase so that one can have continuous bloom for about three months. Some of the daylilies might be listed as mid bloomers, please note also that we are about two weeks behind the Columbus area.

House Of Orange	Roses With Peaches	

Another daylily season will soon be here. We are excited about all the new plants that we will have for you to see this year. We have made changes to our price sheet and hope that it will help you out with your selection of late bloomers. Hopefully this price sheet will allow you to pick out all the plants that you would like to purchase and you can have continuous bloom for about three to four months.

We keep trying to improve the variety of plants for our customers. This year same as last we are happy to introduce plants that have instant rebloom. We have added a few more to the list. Instant Rebloom is a rebloom that comes on before the first scape has finished blooming. With the instant rebloom one plant will put up the first scapes and while it is blooming a second scape will start to grow. When the first scape is done the second scape will start to bloom and then a third scape will appear. With this instant rebloom one plant might bloom for a period of about three months. The instant rebloom plants that we now have are Belle Of Ashwood, Forever In Love and No Blue Oxfords.

Happy Gardening. We are looking forward to seeing all our daylily friends that we have made during the years as this is our 12th season of selling. When we started out in 1999 we just had three rows for our customers to enjoy. We now have 800 different varieties for you to come and see. Looking forward to seeing you in June. Our season usually starts about the end of June as we are about two weeks behind Central Ohio. Starting in May we will be happy to dig plants for you, and to our out of town and state customers we will be glad to mail them out to you. We usually start to dig and pot daylilies the end of April depending upon the weather. Mother Nature is being kind to us again this years and looks like we will have an early bloom season. We believe that there will be blooms this year around the third week in June.

On Thursday, Friday and Saturday Memorial Day weekend my neighbor gets together with us and we have a garage sale selling potted plants. It always a good turn out so mark your calendar for those days and hope that you will come and see our iris and perennials. We always have a nice selection to pick from. This year you can visit with us at the Marysville Farmers Market starting at 8:00 A.M. Until 12:00 P.M. The market is growing and will have around 35 vendors during the busy times. Hope that you will be able to come to the market and then come and visit us at home.

As always our plants are guaranteed to be true to name and have been state inspected. We also guarantee our plants for one year from date of purchase. If you should have any problems with your plant from the year before please be sure to let us know and we will gladly replace it for you.

DIRECTIONS TO DAILEY DAYLILIES: We are located about 3 miles out of Marysville, Ohio. Take Rt 33 West out of Dublin, Ohio. Take the second Marysville exit off of Rt 33 which is Rt 4. Go north toward Marion, Ohio about ½ mile and you will come to County Home Road, turn right go 2 miles to Waldo Road turn right. We are the 4th house on the left.

From St. Rt. 36 from Delaware, Ohio: After you go through the town of New Dover take Mackan Rd. to the right, go to the end of Mackan and make a left onto County Home Rd, take County Home Rd for approximately one mile and turn left onto Waldo Road. During the daylily season signs will be posted on Rt 31, 36, and 4.
